Anti-Doping Information

1. You are strictly liable for any substance found in your body (or specimen). You may be charged with anti-doping rule violation for the presence or use of a prohibited substance or method, whether its use was intentional or not.

2. Always check your medications and supplements before consuming them to make sure they do not contain any substances or methods included on the WADA Prohibited List.

3. Educate yourself on the risks of taking supplements and minimize your risk. All athletes and head coaches must successfully complete education through the World Anti-Doping Agencies (WADA) online education platform (ADEL) in order to be able to compete. You must submit your completed certificate from ADEL with your nomination for your registration to be complete.

4. Understand and educate yourself on your rights and responsibilities as an athlete, including but not limited to:

- requirements for submitting whereabouts information
- rights and responsibilities during sample collection
- responsibility to avoid the use of prohibited substances and methods
- consent to the use of your information
- obligations to follow the IPF Anti-Doping Rules and all consequences deriving therefrom

5. All athletes participating at this event are classified as an International Level Athlete. As an International Level Athlete, if you have a medical condition for which you need to take a medication or use a therapeutic method that is prohibited under the WADA Prohibited List, apply for a Therapeutic Use Exemption (TUE) to the appropriate organization (IPF or NADO) prior to the start of its use and at least 30 days before competing. For athletes competing in the Sub-Junior and Masters level categories, you are not required to apply for a TUE in advance of being tested. However, if you do compete in one of these categories and you are taking a medication that contains a prohibited substance you will be required to apply for a TUE retroactively should you be selected for doping control at this event
